

Sustainable Energy and Atmospheric Sciences (SEAS) Seminars

Location Details

NOAA David Skaggs Research Center (DSRC), Room GC402, Boulder

Seminars in Boulder are held at the [David Skaggs Research Center](#), 325 Broadway, Boulder, Colorado. All seminar attendees, including pedestrians and bike riders, are required to receive a visitor badge from the Visitor Center of the Boulder Dept. of Commerce facilities. Seminar attendees need to present a valid **U.S. photo ID or green card**. If you are a **Foreign National** advance notification of **at least 48 hours** is needed so that security guidelines are followed. You will need to present your **passport** (a copy will NOT work). You may also need to mention the seminar title or speaker's name to security. If security personnel ask for a point of contact please reference **Sean L. Miller** (303-497-6818) email: sean.l.miller@noaa.gov. Please aim to **arrive at least a half hour early**, to allow time to get through security.

National Renewable Energy Laboratory - Education Center (NREC), Golden

Seminars in Golden are held at the National Renewable Energy Laboratory's [Education Center](#) in Golden, CO. If you have questions, please contact [Judy Will](#) at NREL (Phone: 303-275-3098).
